Voices from Compare companies

What is open and how do I get it?

- Pull vs. Push
- Reluctans to give away
- Very little is in fact open

Need for moral guidelines

Lexbase.se

Open data is a fantastic opportunity

Open data success is not measured by megabyte

User demand should rule
rather than what's easy to make public

Open data must be interactive

Open data is a process

- Open society, no national borders
- A tool for Democracy
- Business, open data will be a trade article
- Improve quality of life

Suggestions

- Workshops and seminars
- Success stories
- Media
- Involve politicians
